## Bulgarian The Language

*Bulgarian* was the first "Slavic" language attested in writing. As Slavic linguistic unity lasted into late antiquity, in the oldest manuscripts this language was initially referred to as *языкъ словяньскъ*, "the Slavic language". In the Middle Bulgarian period this name was gradually replaced by the name *языкъ блъгарьскъ*, the "Bulgarian language".

Bulgarian is a Southern Slavic language with about 12 million speakers mainly in Bulgaria, but also in Ukraine, Macedonia, Serbia, Turkey, Greece, Romania, Canada, USA, Australia, Germany and Spain.
