

Why do squirrels hide their nuts?

Project Learning Ideas

1. What can you collect on a walk to a park/ forest/ wood?
2. There are lots of festivals and celebrations at this time of the year, can you write about/ draw/ make something from one of your favourites?
3. Can you learn to do your coat up by yourself?
4. Can you read a story about autumn or about an autumn animal (e.g. squirrel, hedgehog etc...)?
5. Can you write your name in autumn colours? (only a capital letter at the beginning!)

You can choose to do one or all five, it's up to you!

Don't forget to keep reading and practicing your words.
